

North Holmwood Sports Club

2019 Club Hire Policy

Subject to availability, club members may book the club, on a non-exclusive basis, for their own parties at a standard rate of £100, half the minimum cost charges to non-members last year. (The one exception to this being wedding receptions which will be priced according to the extent to the arrangements required and additional work involved - typically this will be no less than £200.)

The Committee recognises it needs to strike the right balance between generating income to keep the club moving forward but, at the same time, ensuring the club's facilities are available to members without the potential inconvenience of hosting too many party bookings throughout the year, particularly at weekends. As such, it has been decided the club will no longer take bookings from non-members, moving away from allowing people to join the club simply use the club as a party venue. There are just two exceptions to this;

- i) Non-members booking the club for a wake on a weekday (although this is limited nowadays as the club is hired out Tuesday-Friday most weeks).
- ii) Local businesses hiring the club for a staff social event.

As indicated previously, the club no longer accepts bookings on Saturday or Sunday afternoons, again to avoid disturbing members' enjoyment of the club and its facilities.

For more details, please speak with the Club's General Manager.

Many thanks – NHSC Committee
